Why work with us

Your partner for pharmaceutical solutions – from raw materials to finished dosage forms

*In an industry often driven by numbers and contracts, we focus on something rarer:
relationships on equal footing.*

As a family-owned company based in Bonn – the former capital of Germany – we respond quickly and handle complex requirements with confidence. Whether it's a simple exchange of information or a long-term partnership, we are happy to connect with you – without obligation or pressure.

For us, communication is more than a tool – it's a philosophy. Every step we take and every partnership we build, is rooted in clear, honest, and respectful conversation. This mindset moves things forward, generates knowledge and insight, and helps identify synergies early on.

We are committed to open and reliable interaction – transparent, direct, and always with mutual respect. Our expertise in pharmaceutical solutions is fueled by knowledge-sharing and collaboration. Instead of one-size-fits-all approaches, we develop tailor-made partnerships that reflect the individual needs of each client.

With us, you don't just gain a supplier – you gain a partner who understands the power of teamwork and uses it to achieve real progress, together with you.

What makes us unique

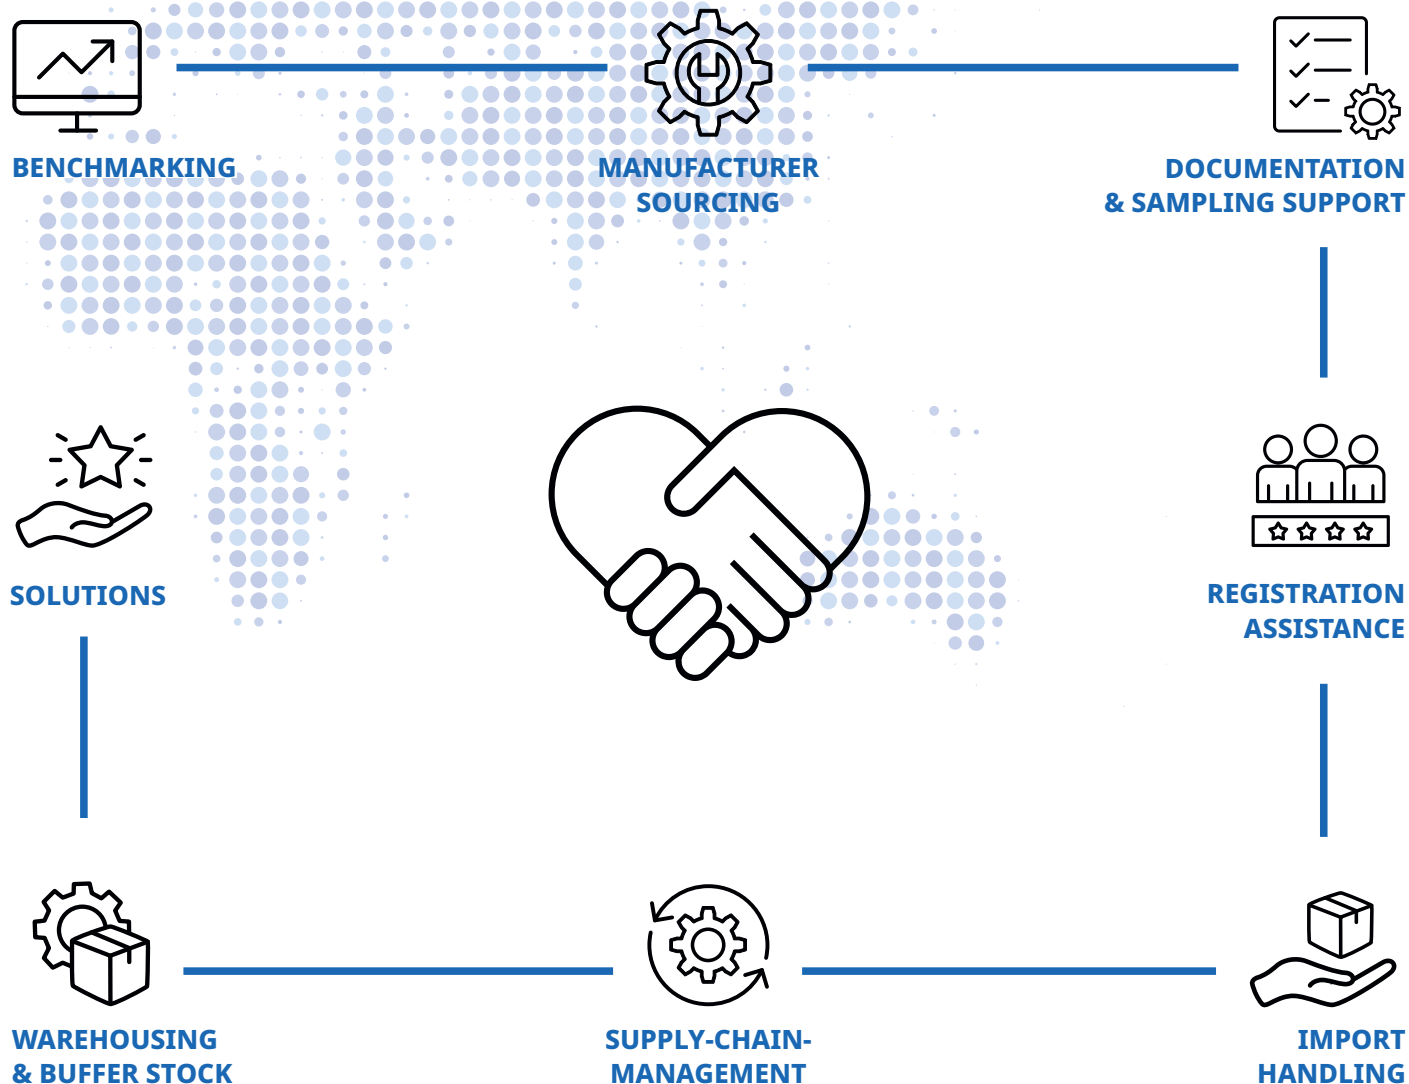

- Beyond prices, products, and paperwork, it comes down to trust and people.
- That moment when you realize:
"Someone is truly taking care of my concern."
- The extra mile that keeps your supply chain running smoothly.
- When one of our proactive ideas creates an impact.

This product is distributed in cooperation with our partner Sanochemia in Austria

Our added value

Because we don't just deliver. We Care.

Whether it's a first honest conversation, a quote comparison, or a long-term partnership – you'll find real people at **S.B. Pharma Group**, with heart, expertise, and a genuine interest in your success.

Our mission is clear:

We want you to work with us not because you have to, but because you want to.

Let's connect.

Real people
Real partnership
Real transparency
We care

Facts

■ Independent. No exclusivity. No pressure.

We believe in freedom of choice, which is why we intentionally avoid exclusivity agreements. We don't want to lock anyone in – we want people to choose us because they want to, not because they have to. You're welcome to use our data even if you're just benchmarking. There's nothing to lose, and perhaps a better supply chain to gain. That's what care looks like.

■ Open-book calculation – full transparency

Our pricing model is clear and fair:

- Open-book costing available on request,
- Transparent margins,
- No hidden fees or surprises.

We have nothing to hide
because we care about honest business.

■ Long-term relationships – not just transactions

Our passionate team brings decades of experience and has built deep relationships with several manufacturers worldwide, in many cases extending directly to the owner families. We care about people first.

■ Logistics you can rely on – with buffer stock options

We work with GMP/GDP-compliant logistics providers who are part of our certified network. We offer:

- Secure sourcing,
- Buffer stock solutions,
- Fully traceable and documented deliveries.

We care about continuity and control.

■ Flexible financing to support growth

To help you manage resources effectively, we provide:

- Custom payment terms,
- Split deliveries,
- Financial flexibility to meet your needs.

We care about making your business stronger.

■ All regulatory documentation – ready to go

We provide all necessary documents for import and regulatory compliance according to your requirements.

Our most recent audit by **Qualifyze** earned us a **Platinum rating** – a level achieved by fewer than 5% of audited companies. Because we care about quality.

■ German contract partner – legal and practical peace of mind

As a company based in Bonn, we offer:

- Reliable, clear contracts under German law,
- Faster, more efficient communication,
- A local partner who represents your interests – especially when sourcing from distant countries such as India or China.

We care about protecting your business.

➤ No risk – just reach out

Want to try us out?

- We can send pricing, samples, and documentation for evaluation.
- Use the information however you like – even to compare it with your current suppliers.

The exchange is important to us.

No obligation
No pressure
Just an open door
We care

From Bonn across the globe

The **former capital of Germany** is a vibrant place where history, innovation, and international connectivity meet. Located on the banks of the Rhine River, it combines political heritage, cultural richness, and a dynamic business environment. It is part of the Rhine-Ruhr metropolitan region, one of Germany's most significant urban areas with around 12 million residents.

The city is home to renowned institutions such as the **University of Bonn**, driving excellence in research and education, as well as global companies like **Deutsche Telekom** and **DHL**. It also houses the **Federal Institute for Drugs and Medical Devices (BfArM)** and connects directly to major pharma hubs in Leverkusen, Aachen, and across the wider region – creating valuable synergies for innovation and collaboration. Around 20 **United Nations** organisations underline Bonn's global role.

Balancing business and quality of life, Bonn offers lush green spaces covering more than half the city, the nearby Siebengebirge nature reserve with the historic Petersberg, and a rich cultural heritage – from **Beethoven's legacy** to **HARIBO's sweet success**.

HARIBO

Bonn provides an inspiring environment – making it an ideal home for companies like us.
